in mythologies without end jerome slater takes stock of the conflict over time and argues that us policies in the region are largely a product of mythologies that are often flatly wrong because of

their widespread acceptance there have been devastating consequences to the true interests of both countries he argues that a critical examination and refutation of the many mythologies is a necessary first step toward solving the arab israeli conflict

a collection of essays responding to the radical claims that israel and its history actually began following the babylonian exile and that the history of israel we read about in the bible is a fictionalized account

the struggle between arab and jew over the same piece of land has been one of the world s most entrenched and bloody conflicts this successful textbook sets out the basic arguments on each side and traces their evolution the third edition follows the story from oct 2003 up to the present day taking into account the death of arafat the implications of the recent israeli withdrawal from gaza the realignment in israeli politics and hamas s electoral victory

following in the groundbreaking path of its predecessor the second edition of the social workers desk reference provides reliable and highly accessible information about effective services and treatment approaches across the full spectrum of social work practice

this book is unique in the sense that it offers a comprehensive review and analysis of human communication and mediated communication around the world this is one of the first attempts to do so in a systematic comprehensive way it challenges the assumption that western theories of human communication and mass communication have universal applicability it surveys the applicability of mass communication theories to other than western cultures the book explains the influence of culture on all forms of communication behavior be it personal mediated or mass communication it presents communication theories from around the world incorporating a vast body of literature from europe asia africa and latin america this updated information on important international perspectives that includes both interpersonal and mediated communication is presently not readily available in other sources the book offers an integrated approach to understanding the working of electronic means of communication that are hybrid media combining human and mediated communication these new media that are often presented as universal are even more culture bound than the traditional media

this is the first series to comprehensively address leading qualitative research designs and methods from a nursing perspective and is a must have for every research library these are practical how to guides to conducting research using seven different qualitative designs that encompass new and traditional methodologies written by dr mary de chesnay a noted qualitative research scholar and contributing specialists in each of the qualitative methods each of the seven books discusses the theoretical rationale for using a particular design describes its components and delineates a practical plan to conduct studies utilizing a practical problem solving approach the books delineate appropriate methods ethical considerations critical issues and potential pitfalls examples of published qualitative nursing research worldwide along with

author commentary support the new researcher in making decisions and facing challenges case studies follow a template that includes a description of the study data collection and analysis and dissemination also included are techniques whereby researchers can ensure high standards of rigor and an extensive bibliography and list of resources the book's practical point of view is geared to help novice researchers and specialists alike develop or expand their competencies engage graduate faculty and students and aid nursing research staff in larger hospitals and other healthcare institutions as well as in service educators and students key features of this one of a kind resource library focuses on practical problem solving reviews the philosophical basis for each qualitative design disseminates the most current references in each design provides a plan to conduct studies using the design and discusses appropriate methods ethical considerations and potential challenges showcases the research of international scholars is peer reviewed by design and method experts

the israel palestine conflict contested histories provides non specialist readers with an introduction and historical overview of the issues that have characterized and defined 130 years of the still unresolved israeli palestinian conflict provides a fresh attempt to break away from polemical approaches that have undermined academic discussion and political debates focuses on a series of core arguments that the author considers essentially unwinnable introduces readers to the major historiographical debates sparked by the dispute encourages readers to consider more useful ways of explaining and understanding the conflict and to go beyond trying to prove who is right and wrong this volume suggests a fresh and original interpretation to the history of the arab israeli conflict caplan juggles skillfully and even handedly between the two narratives reflecting the parties own views without embracing the cause of any party joseph nevo university of haifa an impressive and very valuable work one could not ask for a better short history of the conflict caplan offers readers a study that is extremely well informed resolutely fair minded and filled with thoughtful insights mark tessler university of michigan

this classic volume includes developments in crisis intervention practices and services a field that was permanently altered on september 11th 2001 with 15 new chapters and a new section on disaster mental health and frontline crisis intervention strategies this book gives professionals access to specific guidelines practice techniques protective factors 60 case study applications and evidence based crisis intervention strategies that maximize opportunities for rapid assessment and crisis resolution this highly practical timely and reader friendly handbook addresses the full range of acute substance abuse battering sexually transmitted diseases bio terrorism and terrorist bombings this new edition remains essential reading for crisis workers crisis counselors behavioral health clinicians emergency service workers disaster mental health specialists and social workers

kreutz examines the political strategy and diplomatic engagement of the russian federation and the former soviet union toward the arab states in southwest asia and egypt he argues that

washington can better engage moscow as a stabilizing force in the middle east as well as a collaborator in the struggle against islamic terrorism

1 historical and theoretical overview james e hendricks and bryan d byers 2 ethics in crisis intervention practice michael p brown 3 domestic violence janet e mickish 4 police response to domestic violence michael g brei 5 child abuse and neglect barbara a carson and bruce k macmurray 6 children in crisis cindy s hendricks 7 elder mistreatment bernard e blakely and ronald dolon 8 rape victims and survivors diane m daane 9 suicide richard d clark 10 terrorism and crisis intervention jennifer r arnold daniel e ashment and veronica l st Cyr 11 death notification theory and practice of delivering bad news bryan d byers
