questo volume si propone come una introduzione allo studio delle culture preclassiche minoica micenea cicladica e cipriota che si sviluppano fra il III e il I millennio a.c. nel bacino dell'Egeo e del Mediterraneo orientale dall'analisi delle evidenze archeologiche legate alla cultura materiale e alle produzioni artistiche e della documentazione epigrafica emerge un quadro delle strutture politico-economiche sociali e religiose in cui si riconoscono fenomeni di continuità e relazioni culturali profonde prima ancora della preistoria greca è questa la storia di una realtà composita ancora lontana dall'essere compresa appieno ma che ha un fascino legato ad antichi miti e alla sua capacità di espandersi e interagire con le altre civiltà mediterranee e del vicino oriente

this book provides a set of lectures for an intermediate course in public economics devoted to four topics in many elements related each other the first one is the economics of institutions and political economy as a general framework to analyze the public intervention in modern economies the second one is the economics of law which is at the basis of the working of the exchange economy the third one is the economics of public services enterprises ownership and the fourth one is the economics of the organization of public administration in providing public services with particular reference to the national health care systems and to the local public municipalities as the standard textbooks in the field usually do not treat within unitary and comprehensive terms these issues the book would provide an attempt in this direction

this work is based on the notes for the course of dynamic systems written by professor Riccardo Ricci in 2005 and subsequently reworked until the year of his death which occurred in 2013 starting from the latest version the scholars have undertaken a review and expansion that led to this manual the text is aimed at bachelor students of the courses in mathematics physics and engineering moreover it presents the fundamental topics of Lagrangian mechanics and the dynamics of rigid bodies and variational principles with a hint at Hamiltonian mechanics

this book collects notes that were prepared for a university course taught in the spring of 2018 and delivered to an audience of students enrolled in the master course in logic philosophy and history of science of the University of Florence the goal of the course was to introduce students to some basic concepts from the area of research generally known as decision theory this is done by focussing on the concept of rational choice which is analyzed methodologically speaking by the means of the theory of games to minimize prerequisites it was decided to restrict the attention to

the theory of finite games in particular the topics treated are vary and belongs to both the theory of games in normal form as well as that of games in extensive form as they are usually referred to the classical issues in both fields such as the theory of equilibria and the study of properties such as determinacy are carefully discussed to make them clear to beginners and are addressed from a novel perspective which makes use of formal methods that are typical of researches connected with the study of logic

the purpose of this volume is to retrace the history of democratic institutions from their classical beginning in athens in the 5th century bc to the bourgeois revolutions from the success of representative democracy to the affirmation of constitutional democracies in the 20th century and finally from the contemporary crisis to the rise of populist parties this book aims at offering an overall picture which while summarising a general overview combines the history of institutions with the history of political thought in the belief that such a point of view allows a better understanding of the dynamics underlying the sequence of events

questo manuale nasce dalla necessità di fornire una trattazione completa in lingua italiana dei temi di politica economica per i paesi in via di sviluppo trattazione che è stata finora mancante la parte 1 fornisce strumenti metodologici derivati dalla teoria delle scelte collettive la parte 2 discute le riforme macroeconomiche ortodosse ed eterodosse la parte 3 illustra invece le politiche interne nel campo di sicurezza alimentare riforma agraria sostenibilità tassazione spesa sociale mercato del lavoro e politiche demografiche la parte 4 analizza poi le riforme del settore estero compresa la migrazione internazionale per ultimo la parte 5 illustra l'esperienza storica di cinque regimi di politica economica succedutesi dalla decolonizzazione fino ad oggi l'approccio teorico seguito parte dall'impatto su crescita distribuzione e benessere delle politiche effettivamente applicate nel caso di un loro insuccesso si propongono alternative d'ispirazione strutturalista keynesiana
